For Immediate Release

May 23, 2011 --- The Hartford Fire Department Special Services Unit (SSU) will be at the Connecticut Science Center this weekend; Saturday May 28, Sunday May 29 and Monday (Memorial Day) May 30 to celebrate and honor members of the uniformed services. The SSU will have their Hazard House on display.

The Hartford Fire Department Hazard House is an innovative and riveting teaching aid that allows the audience to participate in transforming the house from hazardous to safe through the use of 3D parts, flips, tokens and stick-on illustrations. The Special Services Unit utilizes the Hazard House to educate kids and adults how to convert their homes into safe homes. A life safety checklist with 10 rooms and 50 check points is provided to each person at the end of the presentations to be utilized in their own homes. For additional information on the Hazard house please contact the Special Services Unit at 860-757-4520
